Keywords	Title and Page
A	
Acinetobacter	Mycotic Aneurysm Caused by Acinetobacter in Infective Endocarditis - Case Report, 24
Acute Coronary Syndrome	Value of Cardiac Magnetic Resonance Image in the Approach of the Patient with Suspect Acute Coronary Syndrome and Normal Angiography, 7
Adult	Restrictive Cor Triatriatum in Asymptomatic Adult Patient, 32
Aged	Tissue Doppler Imaging Limitations for Evaluating the Diastolic Function in Elderly People, 184
Anomalies of Coronary Vessels	Anomalous Origin of the Circumflex Coronary Artery in the Pulmonary Artery in Young Adult, 212
Antineoplastic Agents	The Role of Echocardiography in Chemotherapy, 18
Antiphospholipid Syndrome	Antiphospholipid Antibody Syndrome (AAS): Cardiac and Brain Presentation, 264
Aorta thoracic/ abnormalities	Kommerell Diverticulum, Right Aortic Arch and Anomalous Left Subclavian Artery: A Case Report, 267
Aortic valve/ Physiopathology	Pet Scan and Echocardiography for Diagnosing Infective Prosthetic Valve Endocarditis, 223
Arrhythmias/ Pathophysiology	Mechanical Dispersion, 197
Athletes	Analysis of Diastolic Function and Atrial Function in High Performance Cyclists through Three-Dimensional Echocardiography, 235
Atrial Appendage/ anatomy & histology	Normal Left Atrial Appendage on Echocardiography, 278
Atrial Function	Analysis of Diastolic Function and Atrial Function in High Performance Cyclists through Three-Dimensional Echocardiography, 235
Atrial septal defect	Restrictive Cor Triatriatum in Asymptomatic Adult Patient, 32
B	
Bicycling	Analysis of Diastolic Function and Atrial Function in High Performance Cyclists through Three-Dimensional Echocardiography, 235
C	
Calcification	Caseous Calcification of the Mitral Annulus, 216
Calcinosis	Caseous Calcification of the Mitral Annulus, 216
Calcium/adverse effects	Calcium score in the Prediction of Adverse Events in Patients with Suspected Coronary Artery Disease, 191
Cardiac Arrest	Anomalous Origin of the Circumflex Coronary Artery in the Pulmonary Artery in Young Adult, 212
Cardiac arrhythmias	Magnetic Resonance Imaging in Hypertrophic Cardiomyopathy, 202
Cardiotoxins	The Role of Echocardiography in Chemotherapy, 18
Cardiovascular Diseases/ complications	Positron Emission Tomography in Inflammatory Cardiovascular Diseases, 249
Cardiovascular Diseases/etiology	Positron Emission Tomography in Inflammatory Cardiovascular Diseases, 249
Catheters, Indwelling	Echocardiography in Fever Investigation in Patient with Long Term Central Venous Catheter, 271
Central Venous Catheters	Echocardiography in Fever Investigation in Patient with Long Term Central Venous Catheter, 271
Cerebrovascular Accident (CVA)	Antiphospholipid Antibody Syndrome (AAS): Cardiac and Brain Presentation, 264
Chest Pain	Value of Cardiac Magnetic Resonance Image in the Approach of the Patient with Suspect Acute Coronary Syndrome and Normal Angiography, 7
Computer-assisted image processing	Restrictive Cor Triatriatum in Asymptomatic Adult Patient, 32
Congenital heart disease	Pharmacological Stress Echocardiography in Patients with Anomalous Origin of Left Coronary Artery in Pulmonary Trunk, 35
Cor triatriatum	Restrictive Cor Triatriatum in Asymptomatic Adult Patient, 32
Coronary artery	Large Left Anterior Descending Coronary Artery Fistula to Pulmonary Artery, 41
Coronary artery disease	Pharmacological Stress Echocardiography in Patients with Anomalous Origin of Left Coronary Artery in Pulmonary Trunk, 35
Coronary Artery Disease/mortality	Calcium score in the Prediction of Adverse Events in Patients with Suspected Coronary Artery Disease, 191
D	
Diagnostic imaging	Kommerell Diverticulum, Right Aortic Arch and Anomalous Left Subclavian Artery: A Case Report, 267
	Right Heart Thrombus-in-Transit: Detection and Migration during Transthoracic Echocardiography – Case Report, 208
Doppler	Tissue Doppler Imaging Limitations for Evaluating the Diastolic Function in Elderly People, 184
Drug Therapy	The Role of Echocardiography in Chemotherapy, 18
Drugs	Infective Endocarditis by Uncommon Microorganism – Klebsiella oxytoca – in Right Heart Chambers, 219
E	
	Kommerell Diverticulum, Right Aortic Arch and Anomalous Left Subclavian Artery: A Case Report, 267
	Prosthetic Aortic Valved Conduit Dehiscence with Giant Pseudoaneurysm after Infective Endocarditis, 276
	Tissue Doppler Imaging Limitations for Evaluating the Diastolic Function in Elderly People, 184
	Right Heart Thrombus-in-Transit: Detection and Migration during Transthoracic Echocardiography – Case Report, 208
Echocardiography	Caseous Calcification of the Mitral Annulus, 216
	Pet Scan and Echocardiography for Diagnosing Infective Prosthetic Valve Endocarditis, 223
	Measures of Endocardial and Epicardial Longitudinal Strain by the Technique of Xstrain®: Are there Differences between their Values?, 2
	The Role of Echocardiography in Chemotherapy, 18
	Restrictive Cor Triatriatum in Asymptomatic Adult Patient, 32
	Late Left Ventricular Pseudoaneurysm in Patient with Ischemic Cardiomyopathy, 39

Table of Contents Volume 27 – Per Subject

Echocardiography, Doppler	The Importance of Echocardiography for the Evaluation of Cardiac Sources of Embolism, 243
Echocardiography, Three Dimensional	Analysis of Diastolic Function and Atrial Function in High Performance Cyclists through Three-Dimensional Echocardiography, 235
Echocardiography, Transesophageal	The Importance of Echocardiography for the Evaluation of Cardiac Sources of Embolism, 243
Echocardiography, Transesophageal	Intraoperative Transesophageal Echocardiography in the Evaluation of Residual Gradients after Surgical Correction of Right and Left Ventricular Outflow Tract Obstructions, 229
Echocardiography, Transesophageal	Echocardiography in Fever Investigation in Patient with Long Term Central Venous Catheter, 271
Echocardiography/diagnosis	The Importance of Echocardiography for the Evaluation of Cardiac Sources of Embolism, 243
Echocardiography/diagnosis	Normal Left Atrial Appendage on Echocardiography, 278
Echocardiography/diagnosis	Pulmonary Thromboembolism and Thrombus in Patent Foramen Ovale, 29
Echocardiography/methods;	Mechanical Dispersion, 197
Embolism and Thrombosis	The Importance of Echocardiography for the Evaluation of Cardiac Sources of Embolism, 243
Endocarditis	Prosthetic Aortic Valved Conduit Dehiscence with Giant Pseudoaneurysm after Infective Endocarditis, 276
Endocarditis	Pet Scan and Echocardiography for Diagnosing Infective Prosthetic Valve Endocarditis, 223
Endocarditis	Mycotic Aneurysm Caused by Acinetobacter in Infective Endocarditis - Case Report, 24
Endocarditis, bacterial	Infective Endocarditis by Uncommon Microorganism – Klebsiella oxytoca – in Right Heart Chambers, 219
F	
Fever	Prosthetic Aortic Valved Conduit Dehiscence with Giant Pseudoaneurysm after Infective Endocarditis, 276
Fever	Echocardiography in Fever Investigation in Patient with Long Term Central Venous Catheter, 271
Fistulae	Large Left Anterior Descending Coronary Artery Fistula to Pulmonary Artery, 41
H	
Heart	Caseous Calcification of the Mitral Annulus, 216
Heart atria	Right Heart Thrombus-in-Transit: Detection and Migration during Transthoracic Echocardiography – Case Report, 208
Heart atria	Restrictive Cor Triatriatum in Asymptomatic Adult Patient, 32
Heart defects congenital	Kommerell Diverticulum, Right Aortic Arch and Anomalous Left Subclavian Artery: A Case Report, 267
Heart Valve Diseases	Caseous Calcification of the Mitral Annulus, 216
Heart/physiopathology	Measures of Endocardial and Epicardial Longitudinal Strain by the Technique of Xstrain®: Are there Differences between their Values?, 2
Hypertension	Prosthetic Aortic Valved Conduit Dehiscence with Giant Pseudoaneurysm after Infective Endocarditis, 276
Hypertension	Tissue Doppler Imaging Limitations for Evaluating the Diastolic Function in Elderly People, 184
Hypertrophic cardiomyopathy	Magnetic Resonance Imaging in Hypertrophic Cardiomyopathy, 202

I	
Infected Aneurysm	Mycotic Aneurysm Caused by Acinetobacter in Infective Endocarditis - Case Report, 24
Inflammation	Positron Emission Tomography in Inflammatory Cardiovascular Diseases, 249
Intraoperative Care	Intraoperative Transesophageal Echocardiography in the Evaluation of Residual Gradients after Surgical Correction of Right and Left Ventricular Outflow Tract Obstructions, 229
K	
Klebsiella oxytoca	Infective Endocarditis by Uncommon Microorganism – Klebsiella oxytoca – in Right Heart Chambers, 219
M	
Magnetic resonance spectroscopy/diagnostic use	Magnetic Resonance Imaging in Hypertrophic Cardiomyopathy, 202
Magnetic resonance spectroscopy/diagnostic use	Value of Cardiac Magnetic Resonance Image in the Approach of the Patient with Suspect Acute Coronary Syndrome and Normal Angiography, 7
Melanoma	The Role of Three Dimensional Echocardiography in the Detection of Cardiac Metastasis from Melanoma, 260
Mitral Valve	Caseous Calcification of the Mitral Annulus, 216
Motor Activity	Analysis of Diastolic Function and Atrial Function in High Performance Cyclists through Three-Dimensional Echocardiography, 235
Myocardial Revascularization	Late Left Ventricular Pseudoaneurysm in Patient with Ischemic Cardiomyopathy, 39
Myocardial Contraction	Measures of Endocardial and Epicardial Longitudinal Strain by the Technique of Xstrain®: Are there Differences between their Values?, 2
Myocardial Infarction/complications	Mechanical Dispersion, 197
Myocardial ischemia	Pharmacological Stress Echocardiography in Patients with Anomalous Origin of Left Coronary Artery in Pulmonary Trunk, 35
N	
Neoplasm metastasis	The Role of Three Dimensional Echocardiography in the Detection of Cardiac Metastasis from Melanoma, 260
Non-infective Endocarditis	Antiphospholipid Antibody Syndrome (AAS): Cardiac and Brain Presentation, 264
P	
Patent Oval Foramen	Pulmonary Thromboembolism and Thrombus in Patent Foramen Ovale, 29
Physical Effort	Anomalous Origin of the Circumflex Coronary Artery in the Pulmonary Artery in Young Adult, 212
Positron Emission tomography	Pet Scan and Echocardiography for Diagnosing Infective Prosthetic Valve Endocarditis, 223
Positron Emission tomography	Positron Emission Tomography in Inflammatory Cardiovascular Diseases, 249
Probability	Calcium score in the Prediction of Adverse Events in Patients with Suspected Coronary Artery Disease, 191
Prognosis	Calcium score in the Prediction of Adverse Events in Patients with Suspected Coronary Artery Disease, 191

Table of Contents Volume 27 – Per Subject

Pulmonary Artery	Anomalous Origin of the Circumflex Coronary Artery in the Pulmonary Artery in Young Adult, 212
	Large Left Anterior Descending Coronary Artery Fistula to Pulmonary Artery, 41
Pulmonary Embolism	Pulmonary Thromboembolism and Thrombus in Patent Foramen Ovale, 29
Pulmonary Embolism/mortality	Right Heart Thrombus-in-Transit: Detection and Migration during Transthoracic Echocardiography – Case Report, 208

R

Renal Dialysis	Echocardiography in Fever Investigation in Patient with Long Term Central Venous Catheter, 271
Renal Insufficiency, Chronic	Echocardiography in Fever Investigation in Patient with Long Term Central Venous Catheter, 271

S

Stress echocardiography	Pharmacological Stress Echocardiography in Patients with Anomalous Origin of Left Coronary Artery in Pulmonary Trunk, 35
Stroke	The Importance of Echocardiography for the Evaluation of Cardiac Sources of Embolism, 243
Stroke Volume	Measures of Endocardial and Epicardial Longitudinal Strain by the Technique of Xstrain®: Are there Differences between their Values?, 2
Surgical Wound Dehiscence	Prosthetic Aortic Valved Conduit Dehiscence with Giant Pseudoaneurysm after Infective Endocarditis, 276
Systolic Volume	Mechanical Dispersion, 197

T

Three-dimensional Echocardiography	The Role of Three Dimensional Echocardiography in the Detection of Cardiac Metastasis from Melanoma, 260
Thromboembolism	Right Heart Thrombus-in-Transit: Detection and Migration during Transthoracic Echocardiography – Case Report, 208
Transesophageal	Prosthetic Aortic Valved Conduit Dehiscence with Giant Pseudoaneurysm after Infective Endocarditis, 276

V

	Analysis of Diastolic Function and Atrial Function in High Performance Cyclists through Three-Dimensional Echocardiography, 235
Ventricular Dysfunction	Measures of Endocardial and Epicardial Longitudinal Strain by the Technique of Xstrain®: Are there Differences between their Values?, 2
	The Role of Echocardiography in Chemotherapy, 18
	Late Left Ventricular Pseudoaneurysm in Patient with Ischemic Cardiomyopathy, 39
Ventricular Function, Left	Tissue Doppler Imaging Limitations for Evaluating the Diastolic Function in Elderly People, 184
Ventricular Outflow Obstruction/ surgery	Intraoperative Transesophageal Echocardiography in the Evaluation of Residual Gradients after Surgical Correction of Right and Left Ventricular Outflow Tract Obstructions, 229
Ventricular Tachycardia	Mechanical Dispersion, 197

Y

Young Adult	Anomalous Origin of the Circumflex Coronary Artery in the Pulmonary Artery in Young Adult, 212
